ITEM 4 ADVISORY BUSINESS

Sound Stewardship, LLC is an investment adviser registered with the United States Securities and Exchange Commission (SEC) whose principal place of business is in Kansas. Sound Stewardship began conducting business in 2004.

The firm is wholly owned by Matthew Johnne Syverson, CFP®.

Sound Stewardship provides comprehensive consultations addressing your specific financial issues. Your adviser provides you with a detailed financial analysis and recommendations to guide you toward the achievement of your objectives. We offer 3 different service models: Annual Planning Relationship, Hourly-As-Needed and Public Speaking.

ANNUAL PLANNING RELATIONSHIP (APR)

Clients receive a written financial plan and ongoing support, executive summary follow-ups after each session, quarterly meetings with net worth updates, an annual review meeting, along with periodic updates on the economy and/or federal and state tax laws. In general, the financial plan can address any or all of the following areas:

1. Net Worth Inventory
2. Cash Flow and Emergency Reserves
3. Major Purchases and /or Liquidations
4. Tax Planning
5. Retirement Analysis
6. Investment Analysis
7. Education Planning
8. Insurance Planning
9. Estate Planning and Survivor Support
10. Charitable Gift Planning
11. Special Needs Planning
12. Credit Review and Identity Theft Considerations
13. Disaster Preparedness Considerations
14. Business Planning

Our Life Planning Services include in-depth facilitation surrounding the following:

- Your Life Purpose Statement
- Your Stewardship Philosophy

Our Investment Management Service includes the following:

Sound Stewardship provides wealth management services to Annual Planning Relationship clients on a **non-discretionary basis**, defined as giving ongoing advice to a client or making investments for a client based on the individual needs of the client. We won't process transactions without seeking and receiving the client's authorization first. The management service includes, among other things, providing advice regarding asset allocation and the selection of investments. Account management is guided by the stated objectives of the client (i.e., capital appreciation, income, growth and income or capital preservation).

We build customized portfolios **without commissions or third party incentives** through our strategic partnerships with Fidelity Institutional Wealth Services, TD Ameritrade Institutional and Schwab Institutional Services. However, the client may use the custodian(s) of their choice, but may have limited service capabilities and potentially higher custodial fees.

ITEM 4 ADVISORY BUSINESS (CONTINUED)

What We Do For You:

- **Create** a Suitable Mixture of Investments
- **Implement** the Portfolio According to Your Goals
- **Manage** the Portfolio Throughout Your Lifetime
- **Report** on Your Comprehensive Performance at TD Ameritrade, Schwab and Fidelity Institutional

What Makes Sound Stewardship Unique?

- **Minimize** underlying investment expenses using tax-efficient **Exchange Traded Funds**
- Each account is **professionally managed in-house**
- **Overlay** the portfolio allocation across multiple accounts
- Offer **Biblically Responsible** and **Socially Responsible** portfolios
- Identify and track your **cost basis** and **contribution basis**

We gather required information through in-depth personal interviews. Information gathered includes the client's current financial status, tax status, future goals, returns objectives and attitudes towards risk. We carefully review documents supplied by the client, including a questionnaire completed by the client, and prepare a written report. Should the client choose to implement the recommendations contained in the plan, we suggest the client work closely with his/her attorney, accountant, insurance agent, and/or stockbroker. Implementation of financial plan recommendations is entirely at the client's discretion.

We provide general non-securities advice on topics that may include tax planning, cash flow planning, estate planning and business planning.

Within the scope of our business, we have the possibility of providing recommendations and implementation in the following investment areas:

- Exchange-listed securities
- Exchange Traded Funds
- Securities traded over-the-counter
- Foreign issuers
- Certificates of deposit
- Municipal securities
- Variable life insurance
- Variable annuities
- Mutual fund shares
- United States governmental securities
- Options contracts on securities
- Interests in partnerships investing in leasing or real estate
- Interests in partnerships investing in oil and gas interests
- REITs (real estate investment trusts)
- Direct ownership and private placements
- 529 plans
- Tax credit programs involving low income housing
- Employer based stock option programs (ISOs and NQSOs).

Typically the financial plan is presented to the client within six months of the contract date, provided that all information needed to prepare the financial plan has been promptly provided.

Financial Planning recommendations are not limited to any specific product or service offered by a broker-dealer or insurance company. All recommendations are of a generic nature.

ITEM 4 ADVISORY BUSINESS (CONTINUED)

EVALUATION AND MONITORING OF THIRD-PARTY MONEY MANAGERS

We also offer advisory services to our clients through our evaluation and monitoring of Third-Party Money Managers.

Our firm provides the client with an asset allocation strategy developed through personal discussions in which goals and objectives based on the client's particular circumstances are established. This asset allocation strategy is drafted into a written financial plan.

Based on the client's individual circumstances and needs we will then perform management searches of various unaffiliated registered investment advisers to identify which registered investment adviser's portfolio management style is appropriate for that client. Factors considered in making this determination include account size, risk tolerance, the opinion of each client and the investment philosophy of the selected registered investment adviser. Clients should refer to the selected registered investment adviser's Firm Brochure or other disclosure document for a full description of the services offered. We are available to meet with clients on a regular basis, or as determined by the client, to review the account.

Once the client has selected the appropriate manager(s), we provide that manager with the client's written financial plan. We then monitor the performance of the selected manager(s). If we determine that a particular selected manager is not providing sufficient management services to the client, or is not managing the client's portfolio in a manner consistent with the client's objectives, we may suggest that the client contract with a different registered investment adviser and/or program sponsor. Under this scenario, our firm assists the client in selecting a new registered investment adviser and/or program. However, any move to a new registered investment adviser and/or program is solely at the discretion of the client.

PUBLIC SPEAKING

Sound Stewardship provides educational seminars and public speaking engagements on an hourly basis to address the financial topics of choice for the presenting sponsor.

HOURLY-AS-NEEDED SERVICE

Sound Stewardship provides limited financial consultation and/or implementation services to Client(s) on an hourly basis to address a variety of financial topics. Specific recommendations are provided after each meeting via email. The Client(s) are responsible for initiating meetings with the firm as they need assistance.

Recommendations are not limited to any specific product or service offered by a broker-dealer or insurance company. All recommendations are of a generic nature.

AMOUNT OF MANAGED ASSETS

As of February 21, 2018, we were actively managing \$134,307,000 of clients' assets on a non-discretionary basis.

ITEM 5 FEES AND COMPENSATION

Sound Stewardship is a fee-only Financial Planning and Wealth Management firm and is solely compensated by fees paid directly by the client. We do not receive any commissions or third-party incentives from recommendations made to clients. The specific manner in which fees are charged by Sound Stewardship is established in each client's written agreement. Existing clients may be grandfathered to previous service arrangements and fee schedules.

Clients may elect to pay Sound Stewardship fees directly (i.e. check, credit card, etc.) and/or have them debited from their custodial accounts at Fidelity, TD Ameritrade and/or Schwab.

ANNUAL PLANNING RELATIONSHIP (APR)

Sound Stewardship charges a Simplified Fee for Financial Planning services. The Simplified Fee is determined based on the net wealth of each client. **Net wealth** is calculated as all assets owned by the client, minus liabilities owed by the client, plus assets that have been transferred into an irrevocable trust or similar arrangement. All fees are agreed upon prior to entering into a contract with any client. *Subsequent year renewal fees are subject to change on an annual basis.*

Multiple households can be billed on a combined net worth, if the appropriate legal arrangements are in place for one party to serve on behalf of another for sharing financial information and management responsibilities. (eg. adult children serving as powers of attorney for their elderly parents.) When possible, each party will still execute their own Annual Planning Relationship agreement with the Firm.

First Year Annual Planning Relationship Simplified Fee

Net wealth (n.w.) of up to \$1,000,000	=	\$8,000 (minimum fee)
Net wealth of \$1,000,001 to \$3,000,000	=	\$8,500 + 0.58% of n.w. between \$1,000,001 to \$3,000,000
Net wealth of \$3,000,001 to \$5,000,000	=	\$20,100 + 0.31% of n.w. between \$3,000,001 to \$5,000,000
Net wealth of \$5,000,001 to \$10,000,000	=	\$26,300 + 0.26% of n.w. between \$5,000,001 to \$10,000,000
Net wealth of \$10,000,001 and beyond	=	\$39,300 + 0.21% of n.w. above \$10,000,001

Subsequent Year Annual Planning Relationship Renewal Simplified Fee

Net wealth of up to \$700,000	=	\$5,000 (minimum fee)
Net wealth of up to \$800,000 - \$999,999	=	\$6,000
Net wealth of \$1,000,000 to \$3,000,000	=	\$7,500 + 0.51% of n.w. between \$1,000,001 to \$3,000,000
Net wealth of \$3,000,001 to \$5,000,000	=	\$17,700 + 0.28% of n.w. between \$3,000,001 to \$5,000,000
Net wealth of \$5,000,001 to \$10,000,000	=	\$23,300 + 0.26% of n.w. between \$5,000,001 to \$10,000,000
Net wealth of \$10,000,001 and beyond	=	\$36,300 + 0.21% of n.w. above \$10,000,001

**Business Owners with a controlling interest in their business and a net worth below \$1,000,000 will be subject to a higher minimum fee of \$8,500 in the first year and \$7,500 in subsequent years.*

First Year Simplified Fee for APR Client(s)

In the first year of service, an APR Client(s) agrees to pay one-half of the estimated fee upon execution of the Agreement. Within 90 days of executing the Agreement, Client(s) agree to pay 50% of the remaining fee, based upon the estimated net wealth. A final payment for the remaining balance will be made within 180 days of executing the Agreement, based on your finalized net wealth.

ITEM 5 FEES AND COMPENSATION (CONTINUED)

Subsequent Year Simplified Fee for APR Client(s)

Upon renewing the APR for a subsequent year of service, the Client(s) agrees to pay the fee in 4 equal payments on a quarterly basis, according to their renewal month, based on their net wealth at that time.

Please Note: On rare occasions, our services may be provided at a negotiated rate or pro-bono (eg. the family member of an employee). Also, on rare occasions, a different fee payment schedule is negotiated.

HOURLY-AS NEEDED SERVICE FEE

Sound Stewardship occasionally offers Hourly-As-Needed services to clients upon request. The minimum initial fee of \$500 for 2-hours of planning is due upon executing the Agreement. Additional hourly fees will be incurred for exceeding the time of the package selected and will be due within 20 days of receiving an invoice from Sound Stewardship.

If client chooses to upgrade their Hourly-As-Needed service to an Annual Planning Relationship within 90 days of executing the Agreement, Sound Stewardship will apply their previously paid Hourly as Needed service fee toward the estimated fee of an Annual Planning Relationship arrangement with a start date of the most recent Hourly-As-Needed service agreement.

It is anticipated that the financial plan(s) produced under the terms of the Agreement will be delivered within six months or sooner of the date of the Agreement. Under no circumstances will Sound Stewardship earn fees in excess of \$500 more than six months in advance of services rendered.

- Hourly Rate = \$250/hour
- 2-Hour Initial Minimum = \$500 (due upon engagement)
- 6-Hour Maximum during any 12-month period with invoicing following delivery of advice
 - A complimentary data gathering session is included in the initial consultation, up to the 1st 90 minutes of discussion time
 - Specific investment recommendations will most likely revolve around the use of a "Fund of Funds" or "Balanced Funds". Workplace retirement plans with pre-selected fund options can have a customized allocation.
 - For clients with investable assets under \$250,000, we can help you process investment transactions in the live meetings with one of our Firm's representatives.

THIRD-PARTY MONEY MANAGER FEES

Third Party Money Manager's fees are paid to the independent adviser selected by the client for Wealth Management Services. Sound Stewardship does not charge additional assets under management fee for any of these arrangements.

Clients are provided with a separate disclosure document describing the fee paid to such independent registered investment advisers. The total asset management fee is disclosed in the independent investment adviser's Firm Brochure or other disclosure document.

ITEM 5 FEES AND COMPENSATION (CONTINUED)

PUBLIC SPEAKING FEES

Adviser may conduct group educational workshops and other public speaking engagements on financial planning topics. Adviser may impose a fee for these or other educational workshops at a rate of \$2,500 per day plus expenses (8 hours) or \$750 plus expenses for up to 3 hours.

GENERAL INFORMATION

Termination of the Advisory Relationship: Either party may terminate the Agreement at any time with written notice to the other. If this Agreement is terminated all fees due at time of termination will be due and payable by you immediately. Adviser will refund any unearned, prepaid fees within thirty days of written request from the Client. Should the Client wish to terminate the Agreement within 5 business days after signing, no penalty will be assessed and all fees will be refunded promptly.

Mutual Fund Fees: All fees paid to Sound Stewardship for financial planning and investment advisory services are separate and distinct from the fees and expenses charged by mutual funds and/or ETFs to their shareholders. These fees and expenses are described in each fund's prospectus. These fees will generally include a management fee, other fund expenses, and a possible distribution fee. If the fund also imposes sales charges, a client may pay an initial or deferred sales charge. A client could invest in a mutual fund directly, without our services. In that case, the client would not receive the services provided by our firm which are designed, among other things, to assist the client in determining which mutual fund or funds are most appropriate to each client's financial condition and objectives. Accordingly, the client should review both the fees charged by the funds and our fees to fully understand the total amount of fees to be paid by the client and to thereby evaluate the advisory services being provided.

Separately Managed Account Fees: Clients participating in separately managed account programs may be charged various program fees in addition to the advisory fee charged by our firm. Such fees may include the investment advisory fees of the independent advisers, which may be charged as part of a wrap fee arrangement. In a wrap fee arrangement, clients pay a single fee for advisory, brokerage and custodial services. Client's portfolio transactions may be executed without commission charge in a wrap fee arrangement. In evaluating such an arrangement, the client should also consider that, depending upon the level of the wrap fee charged by the broker-dealer, the amount of portfolio activity in the client's account, and other factors, the wrap fee may or may not exceed the aggregate cost of such services if they were to be provided separately. We will review with clients any separate program fees that may be charged to clients.

Additional Fees and Expenses: In addition to our advisory fees, clients are also responsible for the fees and expenses charged by custodians and imposed by broker-dealers, including, but not limited to, any transaction charges imposed by a broker-dealer with which an independent investment manager effects transactions for the client's account(s). Please refer to the "Brokerage Practices" section (Item 12) of this Form ADV for additional information.

Grandfathering of Minimum Account Requirements: Pre-existing advisory clients are subject to Sound Stewardship's minimum account requirements and advisory fees in effect at the time the client entered into the advisory relationship. Therefore, our firm's minimum account requirements will differ among clients.

ITEM 5 FEES AND COMPENSATION (CONTINUED)

ERISA Accounts: Sound Stewardship is deemed to be a fiduciary to advisory clients that are employee benefit plans or individual retirement accounts (IRAs) pursuant to the Employee Retirement Income and Securities Act ("ERISA"), and regulations under the Internal Revenue Code of 1986 (the "Code"), respectively. As such, our firm is subject to specific duties and obligations under ERISA and the Internal Revenue Code that include among other things, restrictions concerning certain forms of compensation. To avoid engaging in prohibited transactions, Sound Stewardship may only charge fees for investment advice about products for which our firm and/or our related persons do not receive any commissions or 12b-1 fees, or conversely, investment advice about products for which our firm and/or our related persons receive commissions or 12b-1 fees, however, only when such fees are used to offset Sound Stewardship's advisory fees.

Advisory Fees in General: Clients should note that similar advisory services may (or may not) be available from other registered (or unregistered) investment advisers for similar or lower fees.

Limited Prepayment of Fees: Under no circumstances do we require or solicit payment of fees in excess of \$500 more than six months in advance of services rendered.

ITEM 6 PERFORMANCE-BASED FEES AND SIDE-BY-SIDE MANAGEMENT

Sound Stewardship does not charge performance-based fees.

ITEM 7 TYPES OF CLIENTS

Sound Stewardship provides advisory services to individuals and high-net-worth individuals who may also own trusts, charitable organizations and/or corporations or other businesses. We do not have minimum account requirements.

ITEM 8 METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS

METHODS OF ANALYSIS

We use the following methods of analysis in formulating our investment advice and/or managing client assets:

Asset Allocation. Rather than focusing primarily on securities selection, we attempt to identify an appropriate ratio of securities, fixed income, and cash suitable to the client's investment goals and risk tolerance.

A risk of asset allocation is that the client may not participate in sharp increases in a particular security, industry or market sector. Another risk is that the ratio of securities, fixed income, and cash will change over time due to stock and market movements and, if not corrected, will no longer be appropriate for the client's goals.

Fundamental Analysis. We attempt to measure the intrinsic value of a security by looking at economic and financial factors (including the overall economy, industry conditions, and the financial condition and management of the company itself) to determine if the company is underpriced (indicating it may be a good time to buy) or overpriced (indicating it may be time to sell).

Fundamental analysis does not attempt to anticipate market movements. This presents a potential risk, as the price of a security can move up or down along with the overall market regardless of the economic and financial factors considered in evaluating the stock.

ITEM 8 METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS (CONTINUED)

Mutual Fund and/or ETF Analysis. We look at the experience and track record of the manager of the mutual fund or ETF in an attempt to determine if that manager has demonstrated an ability to invest over a period of time and in different economic conditions. We also look at the underlying assets in a mutual fund or ETF in an attempt to determine if there is significant overlap in the underlying investments held in another fund(s) in the client's portfolio. We also monitor the funds or ETFs in an attempt to determine if they are continuing to follow their stated investment strategy.

A risk of mutual fund and/or ETF analysis is that, as in all securities investments, past performance does not guarantee future results. A manager who has been successful may not be able to replicate that success in the future. In addition, as we do not control the underlying investments in a fund or ETF, managers of different funds held by the client may purchase the same security, increasing the risk to the client if that security were to fall in value. There is also a risk that a manager may deviate from the stated investment mandate or strategy of the fund or ETF, which could make the holding(s) less suitable for the client's portfolio.

Quantitative Analysis. We use mathematical models in an attempt to obtain more accurate measurements of a company's quantifiable data, such as the value of a share price or earnings per share, and predict changes to that data.

A risk in using quantitative analysis is that the models used may be based on assumptions that prove to be incorrect.

Risks for all forms of analysis. Our securities analysis methods rely on the assumption that the companies whose securities we purchase and sell, the rating agencies that review these securities, and other publicly-available sources of information about these securities, are providing accurate and unbiased data. While we are alert to indications that data may be incorrect, there is always a risk that our analysis may be compromised by inaccurate or misleading information.

INVESTMENT STRATEGIES

We use the following strategy(ies) in managing client accounts, provided that such strategy(ies) are appropriate to the needs of the client and consistent with the client's investment objectives, risk tolerance, and time horizons, among other considerations:

Long-term purchases. We purchase securities with the idea of holding them in the client's account for a year or longer. Typically we employ this strategy when:

- we believe the securities to be currently undervalued, and/or
- we want exposure to a particular asset class over time, regardless of the current projection for this class.

A risk in a long-term purchase strategy is that by holding the security for this length of time, we may not take advantage of short-term gains that could be profitable to a client. Moreover, if our predictions are incorrect, a security may decline sharply in value before we make the decision to sell.

Short-term purchases. When utilizing this strategy, we purchase securities with the idea of selling them within a relatively short time (typically a year or less). We do this in an attempt to take advantage of conditions that we believe will soon result in a price swing in the securities we purchase.

A short-term purchase strategy poses risks should the anticipated price swing not materialize; we are then left with the option of having a long-term investment in a security that was designed to be a short-term purchase, or potentially taking a loss.

ITEM 8 METHODS OF ANALYSIS, INVESTMENT STRATEGIES AND RISK OF LOSS (CONTINUED)

In addition, this strategy involves more frequent trading than does a longer-term strategy, and will result in increased brokerage and other transaction-related costs, as well as less favorable tax treatment of short-term capital gains.

RISK OF LOSS

Clients should understand that investing in any securities, including mutual funds, involves a risk of loss of both income and principal. We ask that you work with us to help us understand your tolerance for risk.

ITEM 9 DISCIPLINARY INFORMATION

We are required to disclose any legal or disciplinary events that are material to a client's or prospective client's evaluation of our advisory business or the integrity of our management.

Our firm and our management personnel have NO reportable disciplinary events to disclose.

ITEM 10 OTHER FINANCIAL INDUSTRY ACTIVITIES AND AFFILIATIONS

Our firm and our related persons are not engaged in other financial industry activities and have no other industry affiliations.

No Sound Stewardship employee is registered, or has an application pending to register, as a broker-dealer or a registered representative of a broker-dealer.

No Sound Stewardship employee is registered, or has an application pending to register, as a futures commission merchant, commodity pool operator or a commodity trading advisor.

Sound Stewardship may provide referrals to other investment advisory firms as a service to clients. Adviser does not have agreements with or receive referral fees from any other firms. Sound Stewardship only receives compensation directly from clients. There are no conflicts of interest with any other outside party.

ITEM 11 CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING

Our firm has adopted a Code of Ethics which sets forth high ethical standards of business conduct that we require of our employees, including compliance with applicable federal securities laws.

Sound Stewardship and our personnel owe a duty of loyalty, fairness and good faith towards our clients, and have an obligation to adhere not only to the specific provisions of the Code of Ethics but to the general principles that guide the Code.

Our Code of Ethics includes policies and procedures for the review of quarterly securities transactions reports as well as initial and annual securities holdings reports that must be submitted by the firm's access persons. Among other things, our Code of Ethics also requires the prior approval of any acquisition of securities in a limited offering (e.g., private placement) or an initial public offering. Our code also provides for oversight, enforcement and recordkeeping provisions.

ITEM 11 CODE OF ETHICS, PARTICIPATION OR INTEREST IN CLIENT TRANSACTIONS AND PERSONAL TRADING (CONTINUED)

Sound Stewardship's Code of Ethics further includes the firm's policy prohibiting the use of material non-public information. While we do not believe that we have any particular access to non-public information, all employees are reminded that such information may not be used in a personal or professional capacity.

A copy of our Code of Ethics is available to our advisory clients and prospective clients. You may request a copy by email sent to info@soundstewardship.com, or by calling us at 913-317-6000.

Our Code of Ethics is designed to assure that the personal securities transactions, activities and interests of our employees will not interfere with (i) making decisions in the best interest of advisory clients and (ii) implementing such decisions while, at the same time, allowing employees to invest for their own accounts.

Our firm and/or individuals associated with our firm may buy or sell for their personal accounts securities identical to or different from those recommended to our clients. In addition, any related person(s) may have an interest or position in a certain security(ies) which may also be recommended to a client.

It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account, thereby preventing such employee(s) from benefiting from transactions placed on behalf of advisory accounts.

As these situations represent actual or potential conflicts of interest to our clients, we have established the following policies and procedures for implementing our firm's Code of Ethics, to ensure our firm complies with its regulatory obligations and provides our clients and potential clients with full and fair disclosure of such conflicts of interest:

- No principal or employee of our firm may put his or her own interest above the interest of an advisory client.
- No principal or employee of our firm may buy or sell securities for their personal portfolio(s) where their decision is a result of information received as a result of his or her employment unless the information is also available to the investing public.
- It is the expressed policy of our firm that no person employed by us may purchase or sell any security prior to a transaction(s) being implemented for an advisory account. This prevents such employees from benefiting from transactions placed on behalf of advisory accounts.
- Our firm requires prior approval for any IPO or private placement investments by related persons of the firm.
- We maintain a list of all reportable securities holdings for our firm and anyone associated with this advisory practice that has access to advisory recommendations ("access person"). These holdings are reviewed on a regular basis by our firm's Chief Compliance Officer or his/her designee.
- We have established procedures for the maintenance of all required books and records.
- All of our principals and employees must act in accordance with all applicable Federal and State regulations governing registered investment advisory practices.
- We require delivery and acknowledgement of the Code of Ethics by each supervised person of our firm.
- We have established policies requiring the reporting of Code of Ethics violations to our senior management.
- Any individual who violates any of the above restrictions may be subject to termination.

ITEM 12 BROKERAGE PRACTICES

DIRECTED BROKERAGE

As our firm does not have the discretionary authority to determine the broker-dealer to be used to implement securities transactions for your account, clients must direct our firm as to the broker-dealer to be used. Not having the discretionary authority to determine the broker-dealer to be used means that the investment management agreement you enter into with our firm does not give us the authority to choose your broker-dealer for you. Clients are free to use the broker-dealer of their choice. If you don't have an existing relationship with a broker-dealer, we may recommend several broker-dealers to you. After you have selected a broker-dealer, you will direct us in the investment management agreement to use that broker-dealer for all securities transactions in your managed account. In directing the use of a broker-dealer, it should be understood that we will not have authority to negotiate commissions or to necessarily obtain volume discounts and best execution may not be achieved. Directing brokerage may cost clients more money.

We reserve the right to decline acceptance of any client account for which the client directs the use of a broker if we believe that this choice would hinder our fiduciary duty to the client and/or our ability to service the account. Clients should note, while we have a reasonable belief that the broker-dealers we recommend are able to obtain best execution and competitive prices, our firm will not be independently seeking best execution price capability through other brokers. Not all investment advisers require their clients to direct brokerage.

RECOMMENDATION OF BROKER-DEALERS

For clients in need of brokerage or custodial services, and depending on client circumstances and needs, we may recommend the use of one of several brokers, provided that such recommendation is consistent with our firm's fiduciary duty to the client. Clients are not under any obligation to effect trades through any recommended broker.

Sound Stewardship does not have any affiliation with Broker-Dealers. We seek to recommend a custodian/broker who will hold your assets and execute transactions on terms that are, overall, most advantageous when compared to other available providers and their services. We consider a wide range of factors, including, among others:

- Combination of transaction execution services and asset custody services (generally without a separate fee for custody)
- Capability to execute, clear, and settle trades (buy and sell securities for your account)
- Capability to facilitate transfers and payments to and from accounts (wire transfers, check requests, bill payment, etc.)
- Breadth of available investment products (stocks, bonds, mutual funds, exchange-traded funds [ETFs], etc.)
- Availability of investment research and tools that assist us in making investment decisions
- Quality of services
- Competitiveness of the price of those services (commission rates, margin interest rates, other fees, etc.) and willingness to negotiate the prices
- Reputation, financial strength, and stability
- Prior service to us and our other clients
- Availability of other products and services that benefit us

Sound Stewardship currently receives research and other soft dollar benefits from our institutional relationships with National Financial Services, LLC, and Fidelity Brokerage Services, LLC, TD Ameritrade Institutional and Charles Schwab & Co., Inc. Specific arrangements with each of these custodians is described below under "Custodians/Brokers We have Arrangements with".

ITEM 12 BROKERAGE PRACTICES (CONTINUED)

Sound Stewardship does not receive referrals from broker-dealers.

Clients are not obligated to use the custodian/broker recommended by Sound Stewardship. They may choose a different Qualified Custodian(s) to custody. By allowing clients to choose a custodian/broker of their choice, we may be unable to obtain the most favorable execution of client transactions. In addition, the client may have limited service capabilities and potentially higher custodial and/or trading fees.

CUSTODIANS/BROKERS WE HAVE ARRANGEMENTS WITH:

National Financial Services, LLC & Fidelity Brokerage Services, LLC

Sound Stewardship has an arrangement with National Financial Services, LLC, and Fidelity Brokerage Services, LLC (together with all affiliates, "Fidelity") through which Fidelity provides our firm with their "platform" services. The platform services include, among others, brokerage, custodial, administrative support, record keeping and related services that are intended to support intermediaries like Sound Stewardship in conducting business and in serving the best interests of our clients but that may also benefit us.

Fidelity charges brokerage commissions and transaction fees for effecting certain securities transactions (i.e., transactions fees are charged for certain no-load mutual funds, commissions are charged for individual equity and debt securities transactions). Fidelity enables Sound Stewardship to obtain many no-load mutual funds without transaction charges and other no-load funds at nominal transaction charges. Fidelity's commission rates are generally considered discounted from customary retail commission rates. However, the commissions and transaction fees charged by Fidelity may be higher or lower than those charged by other custodians and broker-dealers. As part of the arrangement, Fidelity also makes available to our firm, at no additional charge to us, certain research and brokerage services, including research services obtained by Fidelity directly from independent research companies, as selected by Sound Stewardship (within specified parameters).

TD Ameritrade Institutional

Sound Stewardship also participates in the institutional customer program offered by TD Ameritrade Institutional. TD Ameritrade Institutional is a division of TD Ameritrade Inc., member SIPC ("TD Ameritrade"), an unaffiliated SEC-registered broker-dealer and FINRA member. TD Ameritrade offers services to independent investment advisers which include custody of securities, trade execution, clearance and settlement of transactions. Sound Stewardship receives some benefits from TD Ameritrade through our participation in the program.

Sound Stewardship participates in TD Ameritrade's Institutional customer program and we offer this option for custody and brokerage services. There is no direct link between our firm's participation in the program and the investment advice we give to our clients, although we receive economic benefits through our participation in the program that are typically not available to TD Ameritrade retail investors.

These benefits include the following products and services (provided without cost or at a discount): duplicate client statements and confirmations; research related products and tools; consulting services; access to a trading desk serving adviser participants; access to block trading (which provides the ability to aggregate securities transactions for execution and then allocate the appropriate shares to client accounts); the ability to have advisory fees deducted directly from client accounts; access to an electronic communications network for client order entry and account information; access to mutual funds with no transaction fees and to certain Institutional money managers; and discounts on compliance, marketing, research, technology, and practice management products or services provided to Sound Stewardship by third party vendors. TD Ameritrade may also pay for business consulting and professional services received by Sound Stewardship's related persons.

ITEM 12 BROKERAGE PRACTICES (CONTINUED)

Some of the products and services made available by TD Ameritrade through the program may benefit Sound Stewardship but may not benefit our client accounts. These products or services may assist us in managing and administering client accounts, including accounts not maintained at TD Ameritrade. Other services made available by TD Ameritrade are intended to help us manage and further develop our business enterprise.

The benefits received by Sound Stewardship or our personnel through participation in the program do not depend on the amount of brokerage transactions directed to TD Ameritrade. Clients should be aware, however, that the receipt of economic benefits by Sound Stewardship or our related persons in and of itself creates a potential conflict of interest and may indirectly influence our recommendation of TD Ameritrade for custody and brokerage services.

Charles Schwab & Co., Inc.

Another one of the custodians we recommend to our clients is Charles Schwab & Co., Inc. (Schwab), a registered broker-dealer, member SIPC. Sound Stewardship is independently owned and operated and is not affiliated with Schwab. Schwab will hold your assets in a brokerage account and buy and sell securities when we instruct them to. While we may recommend that you use Schwab as custodian/broker, you will decide whether to do so and will open your account with Schwab by entering into an account agreement directly with them. We do not open the account for you, although we may assist you in doing so. Even though your account is maintained at Schwab, we can still use other brokers to execute trades for your account as described below (see "Your Brokerage and Custody Costs").

Your Brokerage and Custody Costs from Schwab:

For our clients' accounts that Schwab maintains, Schwab generally does not charge you separately for custody services but is compensated by charging you commissions or other fees on trades that it executes or that settle into your Schwab account. In addition to commissions, Schwab charges you a flat dollar amount as a "prime broker" or "trade away" fee for each trade that we have executed by a different broker-dealer but where the securities bought or the funds from the securities sold are deposited (settled) into your Schwab account. These fees are in addition to the commissions or other compensation you pay the executing broker-dealer. Because of this, in order to minimize your trading costs, we have Schwab execute most trades for your account. We have determined that having Schwab execute most trades is consistent with our duty to seek "best execution" of your trades. Best execution means the most favorable terms for a transaction based on all relevant factors, including those listed above (see "How We Select Brokers/Custodians").

Products and Services Available to Us from Schwab:

Schwab Advisor Services™ (formerly called Schwab Institutional®) is Schwab's business serving independent investment advisory firms like us. They provide us and our clients with access to its institutional brokerage—trading, custody, reporting, and related services—many of which are not typically available to Schwab retail customers. Schwab also makes available various support services. Some of those services help us manage or administer our clients' accounts, while others help us manage and grow our business. Schwab's support services generally are available on an unsolicited basis (we don't have to request them) and at no charge to us as long as our clients collectively maintain a total of at least \$10 million of their assets in accounts at Schwab. If our clients collectively have less than \$10 million in assets at Schwab, Schwab may charge us quarterly service fees of \$1,200. Following is a more detailed description of Schwab's support services:

ITEM 12 BROKERAGE PRACTICES (CONTINUED)

Services That Benefit You. Schwab's institutional brokerage services include access to a broad range of investment products, execution of securities transactions, and custody of client assets. The investment products available through Schwab include some to which we might not otherwise have access or that would require a significantly higher minimum initial investment by our clients. Schwab's services described in this paragraph generally benefit you and your account.

Services That May Not Directly Benefit You. Schwab also makes available to us other products and services that benefit us but may not directly benefit you or your account. These products and services assist us in managing and administering our clients' accounts. They include investment research, both Schwab's own and that of third parties. We may use this research to service all or a substantial number of our clients' accounts, including accounts not maintained at Schwab. In addition to investment research, Schwab also makes available software and other technology that:

- Provide access to client account data (such as duplicate trade confirmations and account statements)
- Facilitate trade execution and allocate aggregated trade orders for multiple client accounts
- Provide pricing and other market data
- Facilitate payment of our fees from our clients' accounts
- Assist with back-office functions, recordkeeping, and client reporting

Services That Generally Benefit Only Us. Schwab also offers other services intended to help us manage and further develop our business enterprise. These services include:

- Educational conferences and events
- Consulting on technology, compliance, legal, and business needs
- Publications and conferences on practice management and business succession
- Access to employee benefits providers, human capital consultants, and insurance providers

Schwab may provide some of these services itself. In other cases, it will arrange for third-party vendors to provide the services to us. Schwab may also discount or waive its fees for some of these services or pay all or a part of a third party's fees. Schwab may also provide us with other benefits, such as occasional business entertainment of our personnel.

Our Interest in Schwab's Services

The availability of these services from Schwab benefits us because we do not have to produce or purchase them. We don't have to pay for Schwab's services so long as our clients collectively keep a total of at least \$10 million of their assets in accounts at Schwab. Beyond that, these services are not contingent upon us committing any specific amount of business to Schwab in trading commissions or assets in custody. The \$10 million minimum may give us an incentive to recommend that you maintain your account with Schwab, based on our interest in receiving Schwab's services that benefit our business rather than based on your interest in receiving the best value in custody services and the most favorable execution of your transactions. This is a potential conflict of interest. We believe, however, that our selection of Schwab as custodian and broker is in the best interests of our clients. Our selection is primarily supported by the scope, quality, and price of Schwab's services (see "How We Select Brokers/Custodians") and not Schwab's services that benefit only us.

ITEM 12 BROKERAGE PRACTICES (CONTINUED)

AGGREGATING (BLOCK) TRADING FOR MULTIPLE CLIENT ACCOUNTS

As a matter of policy and practice, Sound Stewardship does not generally block client trades and, therefore, we implement client transactions separately for each account. Consequently, certain client trades may be executed before others, at a different price and/or commission rate. Additionally, our clients may not receive volume discounts available to advisers who block client trades.

ITEM 13 REVIEW OF ACCOUNTS

ANNUAL PLANNING RELATIONSHIP

REVIEWS: The Annual Planning Relationship includes up to four quarterly review meetings each year. Reviews may include, but are not limited to: an investment review, an account beneficiary review, and a goal progress review. These accounts are reviewed by Matthew Syverson, Managing Member, Jonathan Harrison, Financial Advisor, and Joel Reimer, Financial Advisor.

REPORTS: Annual Planning Relationship clients will receive a completed financial plan. Additional reports are provided during quarterly review meetings. These reports may include, but are not limited to, an updated net worth statement and investment performance reports.

HOURLY-AS-NEEDED SERVICE

REVIEWS: Hourly-As-Needed service is driven by the Client and His/Her needs. No formal reviews will be done unless contracted for and initiated by the Client.

When contracted for, these accounts are reviewed by Matthew Syverson, Managing Member, Jonathan Harrison, Financial Advisor, and Joel Reimer, Financial Advisor.

REPORTS: Hourly-As-Needed service is driven by the Client and His/Her needs. Reports vary depending on the Client's need/wishes and are provided when contracted for and initiated by the Client.

EVALUATION AND MONITORING OF THIRD-PARTY MONEY MANAGERS

REVIEWS: For clients who choose to utilize a third-party money manager, Sound Stewardship will review accounts on at least a semi-annual basis to ensure that the third-party money manager is achieving the client's stated objective as outlined in the written financial plan.

If Sound Stewardship and Client determine that a particular selected manager is not providing sufficient management services to the client, or is not managing the client's portfolio in a manner consistent with the client's objectives, we may suggest that the client contract with a different registered investment adviser and/or program sponsor. Under this scenario, our firm assists the client in selecting a new registered investment adviser and/or program. However, any move to a new registered investment adviser and/or program is solely at the discretion of the client.

These accounts are reviewed by Matthew Syverson, Managing Member, Jonathan Harrison, Financial Advisor, and Joel Reimer, Financial Advisor.

REPORTS: Client may receive comprehensive performance reports from the third-party money manager, Sound Stewardship, or both on a quarterly basis. No additional reports will be provided unless contracted for.

ITEM 14 CLIENT REFERRALS AND OTHER COMPENSATION

It is Sound Stewardship's policy not to engage solicitors or compensate any third-party for referring potential clients to our firm.

Adviser may partner with other financial planning firms, discount brokers, mutual fund companies and other financial institutions to sponsor educational workshops. Seminars do not involve the sale of any investment products and are purely educational. Cash benefits received from sponsorship partners is used to offset the expenses associated with bringing the financial education seminars to the public. Such expenses include ads in local newspapers, conference room rentals, seminar materials, etc. All sponsors share in expenses.

ITEM 15 CUSTODY

Sound Stewardship does not maintain custody of your assets on which we advise, although we may be deemed to have custody of your assets if you provide us with your personal login codes to investment custodian websites or give us authority to withdraw assets from your account. Your assets must be maintained in an account at a "qualified custodian," generally a broker-dealer or bank.

Pursuant to Rule 206(4)-2, the "custody rule" under the Investment Advisers Act of 1940, Sound Stewardship is deemed to have custody of client funds as a result of our ability to access, by username and password, the accounts of clients who participate in employer sponsored retirement plans and/or other retail investment accounts. As such, we are subject to annual surprise audits effected by a PCAOB independent auditor and required to file such results as part of our ADV annual updating amendments.

Sound Stewardship is also deemed to have custody when it is given the ability to have clients' advisory fees debited directly from accounts by the custodian.

Clients should carefully review account statements received directly from their Qualified Custodian(s) and compare them to any statements or reports provided by Sound Stewardship.

ITEM 16 INVESTMENT DISCRETION

As previously disclosed in Item 4 of this brochure, our firm does not provide discretionary asset management services.

ITEM 17 VOTING CLIENT SECURITIES

As a matter of firm policy, we do not vote proxies on behalf of clients. Therefore, although our firm may provide investment advisory services relative to client investment assets, clients maintain exclusive responsibility for: (1) directing the manner in which proxies solicited by issuers of securities beneficially owned by the client shall be voted, and (2) making all elections relative to any mergers, acquisitions, tender offers, bankruptcy proceedings or other type events pertaining to the client's investment assets. Clients are responsible for instructing each custodian of the assets, to forward to the client copies of all proxies and shareholder communications relating to the client's investment assets.

We will neither advise nor act on behalf of the client in legal proceedings involving companies whose securities are held in the client's account(s), including, but not limited to, the filing of "Proofs of Claim" in class action settlements. If desired, clients may direct us to transmit copies of class action notices to the client or a third party. Upon such direction, we will make commercially reasonable efforts to forward such notices in a timely manner.

ITEM 17 VOTING CLIENT SECURITIES (CONTINUED)

We may provide clients with consulting assistance regarding proxy issues if they contact us with questions at our principal place of business.

ITEM 18 FINANCIAL INFORMATION

Under no circumstances do we require or solicit payment of fees in excess of \$500 per client more than six months in advance of services rendered. Therefore, we are not required to include a financial statement.

As an advisory firm that is required to provide a copy of our firm's balance sheet, we are also required to disclose any financial condition that is reasonably likely to impair our ability to meet our contractual obligations. Sound Stewardship has no additional financial circumstances to report.

Sound Stewardship has NOT been the subject of a bankruptcy petition at any time during the past ten years.

ITEM 2 EDUCATION, BACKGROUND AND BUSINESS EXPERIENCE

Matthew J. Syverson, CFP[®], CAP[®], CKA[®]

Born: 1971

Education

- University of Iowa; BS, Psychology with Honors; 1995

Business Experience

- Sound Stewardship, LLC; Financial Advisor and Member; from 01/01/2004 to Present
- Syverson, Strege, Sandager & Co; Financial Analyst; from 04/01/2002 to 12/01/2003
- American Express Financial Advisors; Financial Advisor; from 07/01/2000 to 04/01/2002

Designations

Matthew J. Syverson has earned the following designation(s) and is in good standing with the granting authority:

- CFP[®] (CERTIFIED FINANCIAL PLANNER[™]); 2004

The CERTIFIED FINANCIAL PLANNER[™], CFP[®] and federally registered CFP (with flame design) marks (collectively, the "CFP[®] marks") are professional certification marks granted in the United States by Certified Financial Planner Board of Standards, Inc. ("CFP Board").

The CFP[®] certification is a voluntary certification; no federal or state law or regulation requires financial planners to hold CFP[®] certification. It is recognized in the United States and a number of other countries for its (1) high standard of professional education; (2) stringent code of conduct and standards of practice; and (3) ethical requirements that govern professional engagements with clients. Currently, more than 71,000 individuals have obtained CFP[®] certification in the United States.

To attain the right to use the CFP[®] marks, an individual must satisfactorily fulfill the following requirements:

- Education – Complete an advanced college-level course of study addressing the financial planning subject areas that CFP Board's studies have determined as necessary for the competent and professional delivery of financial planning services, and attain a Bachelor's Degree from a regionally accredited United States college or university (or its equivalent from a foreign university). CFP Board's financial planning subject areas include insurance planning and risk management, employee benefits planning, investment planning, income tax planning, retirement planning, and estate planning;
- Examination – Pass the comprehensive CFP[®] Certification Examination. The examination includes case studies and client scenarios designed to test one's ability to correctly diagnose financial planning issues and apply one's knowledge of financial planning to real world circumstances;

Designations (CFP® CONTINUED)

- Experience – Complete at least three years of full-time financial planning-related experience (or the equivalent, measured as 2,000 hours per year); and
- Ethics – Agree to be bound by CFP Board’s *Standards of Professional Conduct*, a set of documents outlining the ethical and practice standards for CFP® professionals.

Individuals who become certified must complete the following ongoing education and ethics requirements in order to maintain the right to continue to use the CFP® marks:

- Continuing Education – Complete 30 hours of continuing education hours every two years, including two hours on the *Code of Ethics* and other parts of the *Standards of Professional Conduct*, to maintain competence and keep up with developments in the financial planning field; and
- Ethics – Renew an agreement to be bound by the *Standards of Professional Conduct*.

The *Standards* prominently require that CFP® professionals provide financial planning services at a fiduciary standard of care. This means CFP® professionals must provide financial planning services in the best interests of their clients.

CFP® professionals who fail to comply with the above standards and requirements may be subject to CFP Board’s enforcement process, which could result in suspension or permanent revocation of their CFP® certification.

- CAP®; Chartered Advisor in Philanthropy; 2011

The program is offered at the graduate level, and is part of The American College’s Masters of Science in Financial Services program. The CAP® designation provides advisors with the knowledge and tools needed to help clients articulate and advance their highest aspirations for self, family, and society.

Individuals who hold the CAP® designation have completed three graduate-level courses, passed three closed-book, proctored exams, have 3 years of relevant work experience and adhere to The American College’s Code of Ethics. To maintain the CAP® designation, individuals must complete 15 hours of continuing education every two years and agree to continue adhering to The American College’s Code of Ethics.

- CKA® (Certified Kingdom Advisor®); 2016

The CKA® designation is offered by Kingdom Advisors, Inc., a non-profit training organization for financial professionals who specialize in the planning differentiators that exist when you apply a Christian worldview to financial decision-making.

Designations (CKA® CONTINUED)

- The prerequisites for the designation are that the advisor must hold one of the approved industry designations (CFP®, ChFC®, CPA, CPA/PFS, EA, CFA, CIMA®, AAMS, CLU®, JD) or 10 years of experience in the discipline in which applying for the CKA® designation. The disciplines include financial planning, investments, accounting, estate planning law, and insurance. The education prerequisites for the designation is a 21.5-hour online course and a 200-question open-book exam with a minimum score of 80%. In May 2017, the educational prerequisite moved to a 3-credit hour equivalent certificate course offered by the two largest Christian universities in the US. The new university-based course is offered in cohorts consisting of approximately 50 hours of student work over 8 weeks and a new proctored exam administered once a student completes the university-based CKA® Educational Program.
- All candidates must sign a "Statement of Faith," obtain a letter of reference from their pastor or member of pastoral staff, pass a regulatory review, complete a signed statement of personal stewardship and submit two client references.
- The continuing education requirement to maintain the designation is 10 hours annually. Kingdom Advisors (KA) requires all CKA® designees to remain in substantial compliance with a set of ethical principles, rules, and standards in order to use or to continue to use the CKA® designation. In order to oversee such compliance, KA has established procedures for reporting ethical violation, as well as a set of disciplinary procedures to oversee the investigation of potential violations of such principles.
